Postes estructurales y paneles en Robinia · Poteaux et panneaux structurels en Robinier
Structural posts and panels in Robinia · Montanti strutturali e pannelli in robinia

La robinia se caracteriza por su resistencia y durabilidad. Sus troncos están formados íntegramente por duramen, la parte más dura de los árboles.

No se trata y el único mantenimiento que hay que hacerle es de limpieza. Es un material vivo, por lo tanto, es posible que aparezcan pequeñas grietas que no afectan su durabilidad, la cual puede llegar a los 20 años.

Le robinier se caractérise par sa résistance et durabilité. Ses troncs sont intégralement formés par du duramen, la partie la plus dure des arbres.

Il n'est pas traité et le seul entretien nécessaire est le nettoyage. Il s'agit d'un matériel vivant, l'apparition de petites fissures est donc possible sans pour autant nuire à sa durabilité, qui peut atteindre 20 ans.

Robinia is characterised by its resistance and durability. Its trunks are formed entirely by heartwood, the hardest part of the trees.

It is not treated and the only maintenance that needs to be done is cleaning. It is a living material, it is therefore possible that small cracks appear. However, they do not affect the durability that can reach 20 years.

La robinia si caratterizza per la sua resistenza e durevolezza. I suoi tronchi sono formati interamente da durame, la parte più dura degli alberi.

Il legno di robinia non va trattato e non richiede altra manutenzione che la pulizia. Si tratta di un materiale vivo, quindi, è possibile che compaiano piccole crepe che non ne influenzano la durata, la quale può raggiungere i 20 anni.

BY MARISCAL

Mariscal es el creador español más reconocido en todo el mundo. Siempre ha transitado la frontera entre el arte y el diseño, y posee la habilidad de gustar por igual a grandes y pequeños. No podíamos encontrar una persona más adecuada para desarrollar una nueva serie de juegos infantiles con un marcado sello de autor.

Mariscal est le créateur espagnol le plus reconnu au monde. Il a toujours exploré la fine frontière entre art et design, et plaît aussi bien aux grands qu'aux petits. Il était, sans aucun doute, l'artiste idéal pour développer une nouvelle gamme de jeux pour enfants avec une forte personnalité.

Mariscal is one of the most well-known Spanish creators in the world. He has always walked on the thin line that separates art from design and he is liked by both old and young. We could not find a more appropriate professional to develop a new playground range with a strong personality.

Mariscal è il creatore spagnolo più riconosciuto al mondo. È sempre viaggiato lungo il confine che separa l'arte dal design e ha la rara capacità di piacere sia ai grandi che ai piccoli. Non potevamo trovare un personaggio più adatto per sviluppare una nuova serie di giochi per bambini con un marcato sigillo d'autore.

BENITO URBAN dispone de un centro operativo de 125.000m2 que alberga instalaciones de primer nivel y está automatizado con los sistemas más avanzados en el ámbito logístico. La filosofía de trabajo se basa en el “lean warehousing”, lo que permite la gestión de operaciones de gran envergadura, ofreciendo servicios inmediatos y plazos de entrega garantizados.

BENITO URBAN dispose d'un site opérationnel de 125 000 m2 hébergeant des installations de premier ordre et automatisé avec les systèmes les plus avancés dans le domaine de la logistique. Sa philosophie de travail repose sur le « lean warehousing », ce qui permet la gestion d'opérations de grande envergure, en proposant des services immédiats et des délais de livraison garantis.

BENITO URBAN has an operating centre occupying a surface area of 125,000 m2, with first-class facilities and automatised with the most advanced systems in the logistics field. Its work philosophy is based on 'lean warehousing', which makes it possible to manage large-scale operations, providing immediate services and guaranteed delivery times.

BENITO URBAN dispone di un Centro Operativo di 125.000 m2 che ospita strutture di prim'ordine, automatizzate con i sistemi più avanzati nel campo della logistica. La nostra filosofia di lavoro si basa sul 'lean warehousing', che consente di gestire operazioni su larga scala, offrendo servizi immediati e tempi di consegna garantiti.

Sostenibilidad

En BENITO URBAN, la sostenibilidad es un pilar fundamental. Nos dedicamos a utilizar materiales reciclados y madera certificada FSC en la fabricación de nuestros productos, contribuyendo a la conservación de los recursos naturales y la reducción del impacto ambiental. Cada decisión en el diseño y producción de nuestras áreas de juego se toma pensando en la economía circular, garantizando espacios que no solo son divertidos y educativos, sino también responsables con el entorno. Así, nuestros parques se convierten en un ejemplo de innovación y respeto por el medio ambiente.

Développement durable

Chez BENITO URBAN, le développement durable est un pilier fondamental. Nous nous engageons à utiliser des matériaux recyclés et du bois certifié FSC dans la fabrication de nos produits, contribuant ainsi à la préservation des ressources naturelles et à la réduction de l'impact environnemental. Chaque décision en matière de conception et de production de nos aires de jeux est prise en pensant à l'économie circulaire, garantissant des espaces qui sont non seulement amusants et éducatifs, mais aussi responsables envers l'environnement. Ainsi, nos parcs deviennent un exemple d'innovation et de respect de l'environnement.

Sustainability

At BENITO URBAN, sustainability is a fundamental pillar. We are committed to using recycled materials and FSC-certified wood in the manufacturing of our products, contributing to the conservation of natural resources and reducing environmental impact. Every decision in the design and production of our playgrounds is made with circular economy principles in mind, ensuring spaces that are not only fun and educational, but also environmentally responsible. Thus, our parks become an example of innovation and respect for the environment.

Sostenibilità

Per noi di BENITO URBAN la sostenibilità è un pilastro fondamentale. Ci impegniamo a utilizzare materiali riciclati e legno certificato FSC per realizzare i nostri prodotti, contribuendo così a preservare le risorse naturali e a ridurre gli impatti ambientali. Ogni decisione riguardante il design e la produzione dei nostri spazi di gioco viene adottata in un'ottica di economia circolare, per far sì che tali spazi non risultino solo divertenti ed educativi, ma anche responsabili nei confronti dell'ambiente. In questo modo, i nostri parchi si pongono come un esempio di innovazione e rispetto per l'ambiente.

Accesibilidad

Comprometidos con la accesibilidad, en BENITO URBAN diseñamos parques infantiles que integran criterios de accesibilidad universal, asegurando que todos los niños, sin importar sus capacidades, puedan disfrutar de nuestras instalaciones. Cada elemento de juego está pensado para ofrecer igualdad de oportunidades, permitiendo la inclusión plena. Seguimos normativas específicas y trabajamos en colaboración con expertos para crear entornos donde la movilidad y la participación sean posibles para todos, haciendo de cada parque un lugar acogedor y accesible para toda la comunidad.

Accessibilité

Engagés envers l'accessibilité, chez BENITO URBAN nous concevons des aires de jeux pour enfants qui intègrent des critères d'accessibilité universelle, assurant que tous les enfants, quelles que soient leurs capacités, puissent profiter de nos installations. Chaque élément de jeu est conçu pour offrir l'égalité des chances, permettant une inclusion totale. Nous respectons des normes spécifiques et travaillons en collaboration avec des experts pour créer des environnements où la mobilité et la participation sont possibles pour tous, faisant de chaque parc un endroit accueillant et accessible pour toute la communauté.

Accessibility

Committed to accessibility, at BENITO URBAN we design playgrounds that integrate universal accessibility criteria, ensuring that all children, regardless of their abilities, can enjoy our facilities. Every play element is designed to provide equal opportunities, enabling full inclusion. We adhere to specific regulations and collaborate with experts to create environments where mobility and participation are possible for everyone, making each park a welcoming and accessible place for the entire community.

Accessibilità

Impegnati per l'accessibilità, noi di BENITO URBAN progettiamo parchi giochi che integrano criteri di accessibilità universale, assicurando che tutti i bambini, indipendentemente dalle loro capacità, possano usufruire delle nostre strutture. Ogni elemento di gioco è pensato per offrire a tutti le stesse opportunità e garantire la massima inclusione. Seguiamo normative specifiche e collaboriamo con esperti per creare ambienti in cui la mobilità e la partecipazione siano possibili per tutti, rendendo ogni parco un luogo accogliente e accessibile per l'intera comunità.

Seguridad

La seguridad es nuestra prioridad en BENITO URBAN. Todos nuestros parques infantiles y equipamientos están diseñados y contruidos cumpliendo estrictamente con la normativas Europeas, garantizando que los espacios sean seguros y fiables. Implementamos rigurosos controles de calidad en todas las fases de producción y utilizamos los mejores materiales disponibles. Nuestro objetivo es asegurar que cada instalación proporcione un entorno seguro donde los niños puedan jugar y desarrollarse con total tranquilidad, ofreciendo a los padres la confianza de que sus hijos están en buenas manos.

Sécurité

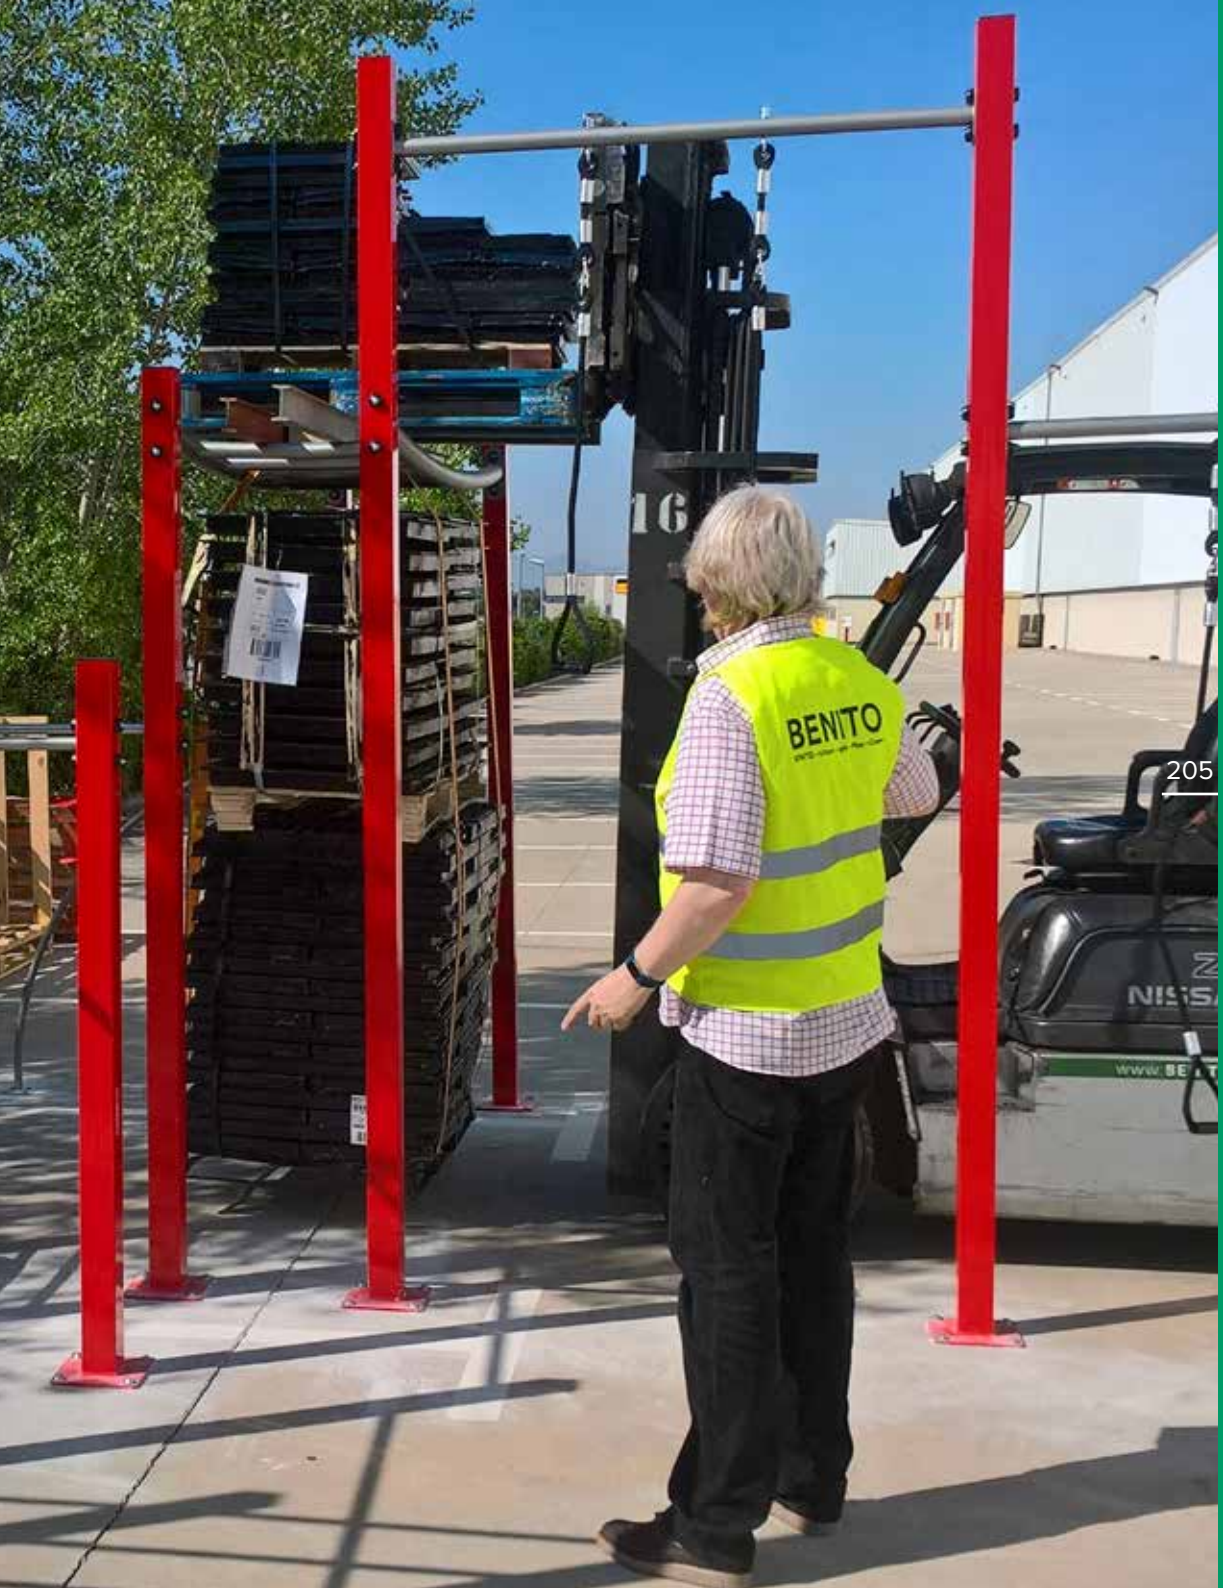

Chez BENITO URBAN, la sécurité est notre priorité. Tous nos parcs pour enfants et équipements sont conçus et construits en respectant strictement les normes européennes, garantissant que les espaces soient sûrs et fiables. Nous mettons en place des contrôles de qualité rigoureux à toutes les étapes de la production et utilisons les meilleurs matériaux disponibles. Notre objectif est de nous assurer que chaque installation offre un environnement sûr où les enfants peuvent jouer et se développer en toute tranquillité, offrant aux parents la confiance que leurs enfants sont entre de bonnes mains.

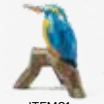

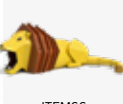

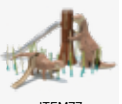

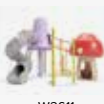

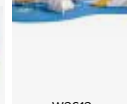

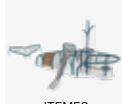

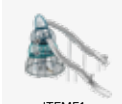

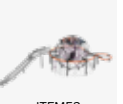

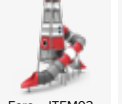

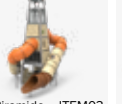

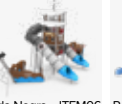

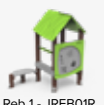

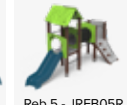

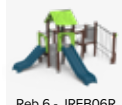

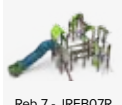

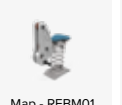

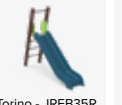

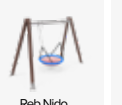

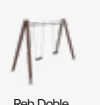

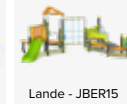

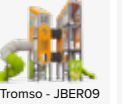

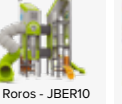

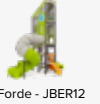

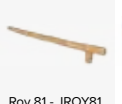

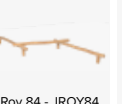

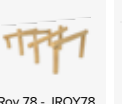

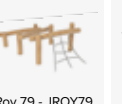

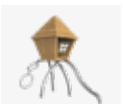

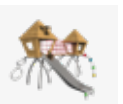

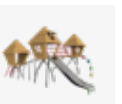

Safety

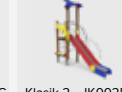

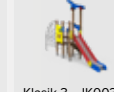

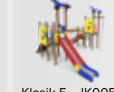

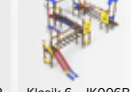

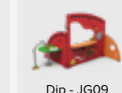

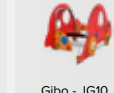

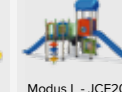

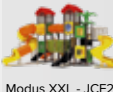

Safety is our priority at BENITO URBAN. All our playgrounds and equipment are designed and built in strict compliance with European standards, ensuring that the spaces are safe and reliable. We implement rigorous quality controls at every stage of production and use the best available materials. Our goal is to ensure that each installation provides a secure environment where children can play and develop with complete peace of mind, offering parents the confidence that their children are in good hands.

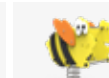

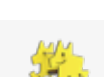

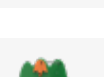

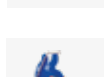

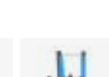

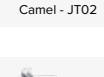

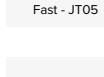

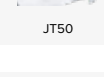

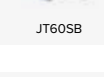

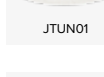

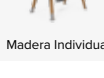

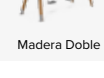

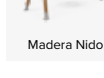

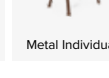

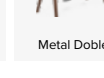

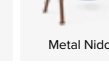

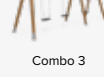

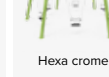

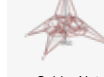

Sicurezza

La sicurezza è prioritaria per BENITO URBAN. Tutti i nostri parchi giochi e tutte le nostre attrezzature sono progettati e costruiti nel pieno rispetto delle normative europee, per garantire che gli spazi da noi allestiti siano sicuri e affidabili. Implementiamo rigorosi controlli di qualità in ogni fase della produzione e utilizziamo i migliori materiali disponibili. Il nostro obiettivo è assicurare che ogni installazione offra un ambiente sicuro in cui i bambini possano giocare e svilupparsi in totale tranquillità, offrendo ai genitori la certezza che i loro figli sono in buone mani.

ANCLAJE
Cada estructura de juego debe estar anclada imperativamente al suelo con un zócalo de hormigón.

ANCRAGE
Chaque structure de jeux doit être impérativement ancrée au sol avec un socle en béton.

ANCHORING
Each play structure has to be imperatively anchored to the ground with a concrete plinth.

ANCORAGGIO
Ogni struttura da gioco deve essere imperativamente ancorata al terreno con una base in cemento.
