1. Robinia

La robinia se caracteriza por su resistencia y durabilidad. Su estructura está formada íntegramente por duramen, la parte más dura de los árboles. No se trata y el único mantenimiento que hay que hacerle es de limpieza. En el caso que vaya pintada se utilizan siempre pinturas con base acuosa. Es un material vivo, por lo tanto es posible que aparezcan pequeñas grietas que no afectan a su durabilidad que puede llegar a los 20 años.

1. Robinier

Le robinier se caractérise par sa résistance et durabilité. Sa structure est intégralement formée par du duramen, la partie la plus dure des arbres.

Il n'est pas traité et le seul entretien nécessaire est le nettoyage. Dans le cas d'être peint, une peinture en base aqueuse doit être utilisée.

Il s'agit d'un matériau vivant, l'apparition de petites fissures est donc possible sans pour autant nuire à sa durabilité, qui peut atteindre 20 ans.

1. Robinia

Robinia is characterised by its resistance and durability. Its structure is formed entirely by heartwood, the hardest part of the trees.

It is not treated and the only maintenance that needs to be done is cleaning. In the case that it is painted, only water-based paints shall be used.

It is a living material, it is therefore possible that small cracks appear. However, they do not affect the durability of the wood, that can reach 20 years.

1. Robinia

La robinia si caratterizza per la sua resistenza e durevolezza. La sua struttura è costituita interamente dal durame, la parte più dura degli alberi.

Non è trattato e l'unica manutenzione che deve essere fatta è la pulizia. Nel caso che venga verniciato, si utilizzano sempre vernici a base d'acqua.

È un materiale vivo, quindi è possibile che appaiano piccole crepe che non ne pregiudicano la durabilità che può raggiungere i 20 anni.

2. Piezas metálicas

Acero inoxidable AISI-304.

2. Pièces métalliques

Acier inoxydable AISI-304.

2. Metallic parts

AISI-304 stainless steel.

2. Parti metalliche

Acciaio inossidabile AISI-304.

NATURAL Y SOSTENIBLE

La robinia es una madera natural, procedente de bosques gestionados de manera responsable, respetuosa con el medio ambiente y 100% renovable.

DURABILIDAD

Una de las maderas más resistentes de Europa, con gran solidez frente al desgaste, el uso intensivo y la intemperie.

SEGURIDAD INFANTIL

Libre de tratamientos químicos agresivos, con acabados redondeados y naturales que garantizan la máxima seguridad en áreas de juego.

NATUREL ET DURABLE

Le robinier est un bois naturel issu de forêts gérées de manière responsable, respectueux de l'environnement et 100 % renouvelable.

DURABILITÉ

L'un des bois les plus résistants d'Europe, très solide face à l'usure, à l'usage intensif et aux intempéries.

SÉCURITÉ POUR LES ENFANTS

Sans traitements chimiques agressifs, avec des finitions arrondies et naturelles qui garantissent une sécurité maximale dans les aires de jeux.

NATURAL AND SUSTAINABLE

Robinia is a natural wood from responsibly managed forests, environmentally friendly and 100% renewable.

DURABILITY

One of the strongest woods in Europe, highly resistant to wear, intensive use, and outdoor exposure.

CHILD SAFETY

Free from aggressive chemical treatments, with rounded natural finishes ensuring maximum safety in play areas.

NATURALE E SOSTENIBILE

La robinia è un legno naturale proveniente da foreste gestite in modo responsabile, rispettoso dell'ambiente e 100% rinnovabile.

DURABILITÀ

Uno dei legni più resistenti d'Europa, con grande solidità contro l'usura, l'uso intensivo e l'esposizione agli agenti atmosferici.

SICUREZZA PER I BAMBINI

Privo di trattamenti chimici aggressivi, con finiture arrotondate e naturali che garantiscono la massima sicurezza nelle aree gioco.

ESTÉTICA ORGÁNICA

Cada pieza es única: la forma natural de los troncos de robinia aporta un diseño cálido, atractivo y perfectamente integrado en entornos urbanos y naturales.

RESISTENTE

Altamente resistente a la humedad, plagas y condiciones climáticas extremas sin necesidad de tratamientos complejos.

SOLUCIONES A MEDIDA

Posibilidad de diseñar y adaptar áreas de juego personalizadas en madera de robinia, ajustadas a las necesidades de cada proyecto, municipio o cliente.

ESTHÉTIQUE ORGANIQUE

Chaque pièce est unique : la forme naturelle des troncs de robinier apporte un design chaleureux, attrayant et parfaitement intégré dans les environnements urbains et naturels.

RÉSISTANT

Haute résistance à l'humidité, aux parasites et aux conditions climatiques extrêmes, sans nécessiter de traitements complexes.

SOLUTIONS SUR MESURE

Possibilité de concevoir et d'adapter des aires de jeux personnalisées en bois de robinier, adaptées aux besoins de chaque projet, municipalité ou client.

ORGANIC AESTHETICS

Each piece is unique: the natural shape of robinia trunks provides a warm, attractive design that blends perfectly into urban and natural settings.

RESISTANT

Highly resistant to moisture, pests, and extreme weather conditions without the need for complex treatments.

TAILORED SOLUTIONS

Possibility to design and adapt customized play areas in robinia wood, tailored to the needs of each project, municipality, or client.

ESTETICA ORGANICA

Ogni pezzo è unico: la forma naturale dei tronchi di robinia offre un design caldo, accattivante e perfettamente integrato negli ambienti urbani e naturali.

RESISTENTE

Altamente resistente all'umidità, ai parassiti e alle condizioni climatiche estreme senza la necessità di trattamenti complessi.

SOLUZIONI SU MISURA

Possibilità di progettare e adattare aree gioco personalizzate in legno di robinia, in base alle esigenze di ogni progetto, comune o cliente.
